AV1YE_muvKc47QAVgpwE	Fire Tablet, 7 Display, Wi-Fi, 8 GB - Includes Special Offers, Magenta	You'll never need cable again!! All you have to have is the Internet and depending out what kind of build you put on your fire TV that's all you'll ever need!	POSITIVE
AVphgVaX1cnluZ0-DR74	Fire Tablet, 7 Display, Wi-Fi, 8 GB - Includes Special Offers, Magenta	You won't find a better value. Especially if you are a Prime member, this device is a fantastic basic tablet. Worth every penny.	POSITIVE
AVphgVaX1cnluZ0-DR74	Fire Tablet, 7 Display, Wi-Fi, 8 GB - Includes Special Offers, Magenta	You won't find a better tablet for the price. Tried multiple different tablets in the same price range and the amazon fire outperformes them all in every category. If you want a good tablet and on a budget, this is your tablet!	POSITIVE
AVpfl8cLLJeJML43AE3S	Fire Tablet, 7 Display, Wi-Fi, 8 GB - Includes Special Offers, Magenta	You will very quickly learn how to talk to her in a way that she will understand and it's not unlike speaking to a small frustrating toddler. Alexa, when was George Washington born? George Washington was born...blah blah Alexa stop. There were rumors his teeth were wood but these turned out to be false, ALEXA stop speaking! There will be many times she will not understand what you're saying which can be both frustrating and hilarious. Alexa, put tomatoes on my shopping list. I've put potatoes onto your shopping list....Well, guess I'm eatin potatoes. That said, now that I've learned how to speak to the Echo it usually does exactly what I want it to do. I think the echo is well worth the price	POSITIVE
AV1YnRtnqlJLPUi8IJmV	Amazon Kindle Paperwhite - eBook reader - 4	You will not regret this purchase! The kindle holds a charge for more than a week, is super light weight, easy on the	POSITIVE

AV1YE_muvKc47QAVgpwE	Fire Tablet, 7 Display, Wi-Fi, 8 GB - Includes Special Offers, Magenta	After about two weeks I ended up returning this item. It constantly froze and when it was working it was no faster than my fire stick.The voice search was a joke. I'm pretty tied in to the Amazon ecosystem, I love my Echo, but I was disappointed with this device. And for a hundred dollars? No thanks.	NEGATIVE
AV1YE_muvKc47QAVgpwE	Fire Tablet, 7 Display, Wi-Fi, 8 GB - Includes Special Offers, Magenta	After setting up the Amazon Fire it froze on me and I had to return it !	NEGATIVE
AV1YE_muvKc47QAVgpwE	Fire Tablet, 7 Display, Wi-Fi, 8 GB - Includes Special Offers, Magenta	Amazon is at the forefront of 4K content, offering several shows in HDR. Then why isn't their very own streaming player capable of displaying it? And at only 30 fps to boot. This was obviously built to a price but if you've already shelled out the money for a 4K TV wouldn't you want it to be able to display all that it's capable of? The Roku is, at present, the far superior product.	NEGATIVE
AV1YE_muvKc47QAVgpwE	Fire Tablet, 7 Display, Wi-Fi, 8 GB - Includes Special Offers, Magenta	At first, the fire box was great. After two months the remote stopped working. I'd say save some money and just get the fire sticks. I have two of them and no problem. The fire tv box has been nothing but issues.	NEGATIVE
AV1YE_muvKc47QAVgpwE	Fire Tablet, 7 Display, Wi-Fi, 8 GB - Includes Special Offers, Magenta	Barely 4k content and it lags a lot. Not worth it. Returned!	NEGATIVE
